

2008 Driver Appreciation Day  
 June 7<sup>th</sup>, 2008  
 6-7-8, Who do we appreciate!

**America's largest RV delivery service, Horizon Transport** celebrated our annual Driver Appreciation Day at the new state of the art RV Hall of Fame and museum in Elkhart, IN.

Over 700 of our independent contractors and their guests drove in from all over the country to be recognized for their service. The day

was fun filled and informative. The drivers and guests were treated to the GoRVing Hall, Founder's Hall and Woodworth display areas. Hall of Fame resident RV historian, Al Hesselbart, treated guests to (9) 15 minute RV history presentations in the new Hall of fame theatre (see picture left). All of our drivers and guests were given very nice gift bags with many thousands of gifts donated by our shippers and vendors. We also gave away close to 200 door prizes. We

would like to thank the many vendors and shippers who donated some nice door prizes. The RV Hall of Fame venue was an amazing place. It was truly a special day bringing in all of the drivers from around the country and allowing them to witness the history of RV and allowing each one of them to feel as a contributor to the new history. The day ended in a sea of red as we took a group photo outside the Hall of Fame. Travelers down the I-80 IN toll rd. were treated to a family picture like no other. These independent contractors and Horizon Transport exist solely for the purpose of servicing our valued shippers in the RV and commercial industry. Horizon Transport takes great pride in only leasing on a high quality contractor who has met Horizon's rigid standards. This quality of contractor allows us to continue to be America's #1 RV delivery service. Honoring our contractors in a single event is challenging. Forty percent of our fleet continued to maintain their service while their peers enjoyed the day. We thank all of our valued contractors for all of their safe and successful deliveries. We pray for their safety and will continue to take great pride in our dedication to a driver services company.

**The Horizon Staff** would also like to thank our many loyal shippers for allowing us the opportunity to service your transportation needs. Horizon is dedicated, each day, to contributing to the success of its shipper's products. **We thank you!**
